

Tamara Peacock Company Architects is currently seeking a Licensed Project Architect in the area to join the team.

We are located in downtown Fort Lauderdale at 1512 E Broward Blvd, and looking for a full-time in-person Architect position

Job description / Responsibilities:

The basic function of the Project Architect is to manage multiple small/medium projects and coordinates all aspects of assigned projects. Service as primary client liaison to bring the scope of work to completion and to the client's satisfaction. Actively manages client budgets, schedules, and programs; project communications and documents; office administrative tasks. Responsible in the design of projects in the schematic design, design development, construction documents, and construction administration.

Education:

- Licensed with a Bachelor's Degree in Architecture, or related curriculum from an accredited program. (required)
- Considerable experience in Architecture or related experience. (preferred)

Experience:

- Minimum of 5 years or more of experience as a Licensed Architect with an Architectural firm. (required)
- 8 years with progressive growth. (preferred)

Skills:

- Must be proficient in REVIT.
- Analytical mind with excellent problem-solving skills.
- Strong teamwork and leadership skills. Willingness to mentor younger design staff.
- High-levels of creativity and imagination.
- Excellent communication skills (both oral and written)
